Saudi Arabia Alert: Authorities forecast heavy thunderstorms, flash floods in Riyadh, Eastern Province on November 9; take necessary precautions

Current Situation:

- Saudi authorities warned that moderate to heavy thunderstorms are expected in Riyadh and the Eastern Province on November 9, potentially causing flash floods, hail, and strong winds.

Source: [Saudi Press Agency]

Recommendations:

1. Those operating or residing in Riyadh and the Eastern Province on November 9 are advised to take necessary precautions, remain cognizant of official weather advisories, and follow all instructions issued by local authorities.
2. Do not walk or drive through flood waters. In case of flood warnings, immediately evacuate to higher ground. Once the higher ground has been reached, do not attempt to evacuate the wider region alone, and seek professional help with evacuations.
