Recommendations:

1. Those operating or residing in Israel are advised to remain aware of the advisory and exercise heightened vigilance and situational awareness.

2. Be prepared for potential Hezbollah fire toward more central areas of the country, which could happen on short notice and provide minimal preparation time (contrary to missile fire from Iran).
3. Continue monitoring regional developments and promptly adhere to all Home Front Command (HFC) notifications. Ensure that the HFC or other "Color Red" alert applications, such as "Tzofar", "Tzeva Adom", or "Cumta-Red Alerts", are downloaded to receive timely alerts.
