Current Situation:

- According to Jordan's state media, the Prime Minister (PM) declared that official working hours will be adjusted on February 23-25 due to inclement weather conditions.
- Official working hours for all public institutions will be between 10:00 and 16:00 (local time) during this period.
- The meteorological department warned of low visibility due to fog, especially in high-altitude areas, and against the risk of frost during the early morning and late-night hours. It further warned of very cold temperatures on February 23-25 which may result in light rain or snow in the highlands.
